PROFILE

Motivated Computer Engineering undergraduate with hands-on experience in building projects using HTML, CSS, JavaScript, and PHP. Strong problem-solving skills and interest in software development, seeking an opportunity to apply technical knowledge in a challenging environment. My strengths are I am hard working and self-motivated person. I am strong in leadership and time management. My short-term goal is to get a job in reputed company and long-term goal is to achieve good position where I can build my career and help the organization to.

PROJECTS

Google Gemini (HTML/CSS/JS)

Developed a responsive web-based UI inspired by Google Gemini using pure HTML, CSS, and JavaScript. Implemented an interactive chat interface where users can input queries and receive simulated AI responses. Designed a clean, modern, and mobile-friendly layout with reusable CSS components and animations for better UX. Applied JavaScript DOM manipulation to handle dynamic text rendering, theme toggle (dark/light mode), and smooth scrolling. Optimized for cross-browser compatibility and improved loading performance with clean, semantic code.

Coffe shop website (HTML/CSS/JS)

Simple Coffee Website (HTML, CSS, JavaScript)

Developed a fully responsive coffee shop website featuring an attractive homepage, menu, and contact section. Implemented interactive elements with JavaScript for smooth navigation and improved user experience. Designed a clean and modern interface using CSS, ensuring compatibility across desktop and mobile devices.

Hotel booking website (PHP/MYSQL)

Created a web-based hotel booking platform that allows users to search for available rooms, register, and manage bookings. Implemented backend logic with PHP and connected to a MySQL database for secure data storage and retrieval. Designed a responsive interface with HTML, CSS, and JavaScript to provide an intuitive and user-friendly experience across devices.

EDUCATION

Ldrp Institute of technology and research/KSV University

BE/B.TECH in Computer engineering

2023 – 2027

SKILLS

- PROGRAMMING LANGUAGE : C++, JAVA
- WEB DEVELOPMENT : HTML5, CSS3, JAVASCRIPT, REACTJS
- DATABASE : MYSQL
- PHP
- LARAVEL
- DSA WITH C++

DEVELOPER TOOLS

- VS CODE
- GIT/GITHUB
- INTELLIJ IDEA
- BOOTSTRAP 5

SHOFT SKILLS

- Teamwork
- Time management
- Leadership
- Hard working
